

## Product Certificate

Jørgen Kruuse A/S hereby declare the following details regarding the mentioned product

**Product number**

310766, 310788, 310811, 310870, 310930.

**Product name**

Calcium paste

**Product type**

Dietetic complementary feed for dairy cows / ruminants.

**Special nutritional purpose**

Reduction of the risk of milk fever.

Calcium paste is a calcium chloride product manufactured according to a patented process where the calcium chloride is protected by a two-phase special oil to avoid corrosion burns of mucosa. Flavouring agents have also been added to mitigate the bitter, salty taste of calcium chloride.

Calcium paste is used as a calcium supplement during calving time for dairy cows or as a calcium supplement following veterinary treatment of milk fever.

Produced in Denmark for Jørgen Kruuse A/S.

Registration no. in The Danish Plant Directorate:  $\alpha$ -208-G751902.

**Feeding programme during calving time**

1 tube at calving

½ tube 6-8 hours after calving

½ tube 16-20 hours after calving

**Contents**

Calcium Chloride Dehydrate	61,2%
Rape-seed oil blend	37%
Magnesium Chloride hexahydrate	2%

**Feed additive**

Feed additives in the category "Sensoric feed additives" under the group "Aromas" 2B have been added.

**Shelf-life**

18 months

**Size**

4 x 295 g
